

A message on behalf of Katie Traylor, DO, President, Pittsburgh Roentgen Society:

Dear Fellow Radiologists,

As summer transitions into fall, we extend our best wishes to graduating residents/fellows and welcome new trainees to Pittsburgh. We also recognize practicing radiologists, from seasoned veterans to those just starting their careers, in both private and academic settings. As current President of the Pittsburgh Roentgen Society, I would like to wish everyone a warm welcome, and I look forward to meeting as many of you as possible in our upcoming events.

Join us in celebrating the 93rd annual meeting of the Pittsburgh Roentgen Society (PRS) and the exciting year of activities it has planned. The continued participation of Radiologists throughout the region has enabled the Society to maintain a dynamic calendar of events. I thank each member for their involvement and encourage all to renew their membership in this non-profit organization. Membership dues are the largest source of funding for the Society. Memberships may be renewed at the societal website <http://www.pghradsociety.org>. Please encourage other Radiologists who may benefit from societal membership to visit the website and attend this year's events, as I am sure they will find the time very well spent.

We are pleased to offer up to 8.0 hours of CME credit between the fall and spring meetings, which also provide opportunities to socialize and network with colleagues. Additionally, we will continue to support a resident research travel award, providing funding to residents presenting oral presentations at scientific meetings. Interested residents are encouraged to apply. Membership fees are as follows: trainees join for free (online application required), physician assistant/nurse practitioner membership is \$75, and attending membership is \$175 per year.

Our fall meeting will be held on October 1, 2025, at Monterey Bay. This venue provides picturesque views of the Pittsburgh skyline from Mt. Washington.

I would like to thank the PRS officers for their continued commitment and dedication to our society: Dr. Kimberly Rongo (Vice President), Dr Allison Weinstock (Treasurer), Dr Neiladri Khan (Secretary) and Dr. Gloria Joo (Webmaster). A special thanks is extended to recent past presidents of the PRS: Dr. Kyle Cothron, Dr. Vikas Agarwal, Dr. Michael Utz, Dr. Ameet Upadhyaya and Dr. Paul Klepchick for their continued interest, efforts and dedication to the society. Finally, I would like to thank Carla Caruso, the society's administrative assistant who will provide support in planning events and sending updated correspondence.

Membership renewal as well as information about the events and registrations are all available at the societal website <http://www.pghradsociety.org> so please mark your calendars for the upcoming:

October 1, 2025 - Pittsburgh Roentgen Society Fall Meeting
